LATEST INNOVATIONS

NEW

Sustainable Signs

- Wooden Signs
- E-Sign / E-Art

To offer sustainable alternatives that reduce environmental impact while maintaining high-quality design, wooden signs and e-signs are being introduced. This way, we attempt to meet the growing demand for eco-friendly solutions.

New Fixings

- Thin-head distance holders: minimal visibility for a refined finish
- Wall-ceiling panel grippers: slimmer design, modern aesthetics
- Suspension kit mini: compact design for a stable hanging display
- Sign supports: versatile mounting options for creative signage

Ready-made Textile Frames & Lightboxes

- Textile frames: illuminated & non-illuminated
- Lightboxes with acrylic front: indoor & outdoor
- Lightboxes with PVC banner material

Customised Signs

1. GRAPHIC DESIGN PROVIDED BY CLIENT
2. TECHNICAL DRAWING PROVIDED BY COSIGN
3. PRODUCTION OF CUSTOMISED SIGN
4. INSTALLATION ON LOCATION

- Channel Letters
- Lightboxes
- Totem Pylons
- Special Constructions
